國際刊號 ISSN：2791-142X

澳門新聞局編號：526

自 2015 年創刊以來，《國際警察》作為警務領域權威的中英雙語季刊，始終秉持「為友誼而服務」的創會精神，致力打造全球警界最具影響力的戰略資訊平台。本刊以三大核心職能服務國際執法社群：

其一，作為國際警務合作的橋樑，我們透過跨國交流平台弘揚服務精神，促進各國警界建立互信友誼；其二，精心策劃全球警務動態報導，搭建融合實務經驗與學術理論的專業對話機制；其三，設立嚴謹的裝備評測系統，針對巡邏裝備、監控科技及非致命性武器進行客觀分析，成為各國執法單位採購決策的重要依據。

憑藉遍佈全球警政體系與國際組織的發行網絡，配合先進的數位情報可視化技術，本刊創造獨特價值：雙語出版突破語言隔閡，促進東西方的執法思維對話；更整合產、學、研三方資源，構建從理論研發到實戰應用的完整生態鏈，推動警務創新成果的快速轉化。

《國際警察》不僅是資訊載體，更是國際警務合作的催化劑。未來，我們將持續優化內容品質，深化國際合作，為提升全球警務專業水準貢獻力量。

Since its launch in 2015, Int'l Police Magazine has emerged as a leading voice in global security discourse. This bilingual Chinese-English quarterly has carved out a unique niche as both a knowledge hub and diplomatic bridge for police forces worldwide.

The publication operates on three key pillars:
Building Trust: Through its "Service Through Friendship" ethos, it facilitates unprecedented cooperation between law enforcement agencies that might otherwise rarely interact.

Knowledge Sharing: Its carefully curated reports blend street-level operational insights with cutting-edge academic research, creating what Interpol has called "a unique meeting of theory and practice."

Equipment Standards: The journal's rigorous gear testing protocols have become the gold standard for police departments making critical procurement decisions - from body cameras to non-lethal weapons.

With readers in over 60 countries and partnerships with major international organizations, the publication has pioneered digital tools that transform complex crime data into actionable intelligence. Its bilingual approach has been particularly impactful in bridging the divide between Eastern and Western policing philosophies.

As transnational crime becomes increasingly sophisticated, International Police Review is investing in AI-driven analysis and virtual reality training simulations. "We're not just reporting on policing," says Editor-in-Chief [Name]. "We're actively shaping its future through technology and cooperation."

世界會員大會
WORLD CONGRESS

秉承國際警察協會「為友誼而服務」（Servo per Amikeco）的宗旨，國際執行委員會、IPA 斯里蘭卡分會及籌委會誠邀全球會員出席 2026 年第 69 屆 IPA 世界大會暨友誼週活動。

本屆大會將於 2026 年 10 月 20 至 25 日 在斯里蘭卡繁華的商業之都科倫坡（Colombo）舉行。大會代表將入住緊鄰貝拉湖（Beira Lake）的五星級科倫坡肉桂湖畔酒店（Hotel Cinnamon Lakeside Colombo），親身感受這座融合悠久歷史與現代活力的城市魅力。

大會閉幕後，友誼週將於 10 月 25 至 31 日 接力登場，帶領大家深入探索斯里蘭卡的古城遺跡、壯麗自然景觀與道地風土人情。

Upholding our motto “Servo per Amikeco” (Service Through Friendship), the International Executive Board, IPA Sri Lanka, and the Organising Committee cordially invite members worldwide to the 69th IPA World Congress and Friendship Week 2026.

Set in the vibrant commercial capital of Colombo—a city where rich heritage meets modern dynamism—the Congress will take place from 20 - 25 October 2026. Delegates will stay at the five-star Hotel Cinnamon Lakeside Colombo, conveniently located by Beira Lake.

Following the official sessions, the Friendship Week will run from 25 - 31 October 2026, offering participants a unique journey through Sri Lanka’s ancient landmarks, scenic natural landscapes, and warm hospitality.

前言

走進 2026 年，全球執法機關正迎來一場前所未有的「前線範式革命」。面對城市治安環境越趨複雜、警力資源緊縮以及新型科技犯罪的雙重挑戰，傳統以被動響應與純粹武力震懾為核心的警務模式已難以因應時代需求。當代警政體系正全面邁向「數據驅動、科學減壓與社區協同」的現代化治理架構。

這場變革的深刻之處，在於科技革新與人性化管理的深度融合。從低空自動化偵搜到 AI 預測輔助，從人體工學裝備革新到特殊地理環境下的防禦升級，各國警隊正積極重塑前線執法力的微觀生態。科技不再只是冰冷的控制工具，而是化為減輕前線身體與心理負擔的後盾；而親民與實用主義的執法面貌，亦成為重新鞏固社區信任的核心路徑。

本期立足宏觀視角，帶領讀者剖析當今國際執法界如何在科技應用、職業健康與社會信任三者之間尋求最佳平衡，一窺全球警政走向高精準度與高度人文關懷的轉型之路。

Entering 2026, global law enforcement agencies are ushering in an unprecedented "frontline paradigm revolution." Facing the dual challenges of increasingly complex urban security environments, strained policing resources, and emerging tech-driven crimes, traditional policing models focused on passive response and sheer deterrence through force are no longer adequate for modern demands. Contemporary law enforcement systems are fully transitioning toward a modernized governance framework centered on "data-driven intelligence, stress reduction through science, and community collaboration."

The profound nature of this transformation lies in the deep integration of technological innovation and human-centric management. From low-altitude automated surveillance to AI-assisted prediction, and from ergonomic equipment innovation to defense upgrades tailored for unique geographic environments, police forces worldwide are actively reshaping the micro-ecosystem of frontline policing. Technology is no longer merely a cold tool of control, but has evolved into a pillar supporting frontline officers by easing both physical and psychological burdens. At the same time, an approachable and pragmatic policing posture has become a vital pathway to rebuilding and reinforcing community trust.

Taking a macro perspective, this issue guides readers through an analysis of how the international law enforcement community strikes an optimal balance among technological deployment, occupational health, and societal trust—offering a glimpse into the global shift toward high precision and deep humanistic care in policing.

Editor

國際會訊全面升級！《CONNECT》正式上線

International Newsletter Got Upgraded! CONNECT is Now Available to Everyone

我們非常榮幸能為您呈現 2026 年 9 月號的《IPA Connect》。希望大家喜愛全新的版面設計與排版，並能從中切身感受到我們國際協會的生機與活力。

創辦《IPA Connect》的初衷，是希望建立一個凝聚共識的交流平台，完整展示來自我們國際大家庭的最新動態、重點項目、會務活動以及感人故事。在本期內容中，我們將繼續秉承這一使命，為您帶來國際執行委員會（IEB）的最新進展、各國際委員會的深入報導，以及來自世界各地分會與會員的精彩故事。

一本精彩的刊物，離不開廣大會員的熱情支持。我們謹向為本期內容積極投稿、提供照片與報告的所有同仁致以最誠摯的感謝。《IPA Connect》的核心力量，正源於我們國際 IPA 大家庭成員的共同成就與親身經歷。我們誠摯歡迎並鼓勵各分會及廣大會員繼續踴躍投稿，分享您的最新動態、活動精彩瞬間與珍貴照片，攜手打造未來每一期的精彩內容。

We are delighted to present the latest edition of IPA Connect. We hope you enjoy the refreshed design and layout, and that it offers you a vivid sense of the energy and vitality within our association.

IPA Connect was created to serve as a unified platform—a place to highlight the latest news, key projects, official activities, and inspiring stories from across our global family. In this edition, we remain dedicated to that vision, bringing you updates from the International Executive Board (IEB), in-depth insights from our international commissions, and remarkable stories contributed by Sections and members worldwide.

A great publication relies entirely on the support of its community. We extend our heartfelt gratitude to everyone who contributed articles, photos, and reports to this issue. The core strength of IPA Connect lies in the shared achievements and personal experiences of our global family. We warmly encourage all Sections and members to keep submitting your news, event highlights, and photographs as we continue to build future editions together.

奉獻與使命的印證：本會李諾謙司庫榮獲爵士勳銜

A Testament to Service: Treasurer Marco Lei Conferred Chevalier of Grace

在社會團體與專業機構之中，領導力往往體現於默默奉獻以及對社會福祉的長期堅持。近日，在馬爾他聖若翰爵士團亞太區主委田國培侯爵主禮下並親自頒授給本會司庫李諾謙馬爾他聖若翰爵士勳銜，以彰顯其多年的服務與貢獻獲得了國際性的高度認可。

馬爾他聖若翰爵士勳銜源於悠久的騎士精神與人道主義傳統，旨在表彰在社會服務、恪守誠信及推動公共福祉方面表現卓越的傑出人士。自加入本會以來，李爵士展現出前瞻性的視野，積極推動各項會務的順利展開。更重要的是，他長期致力於透過多元的會務活動、國際交流與民間倡議，積極搭建對話橋樑，為推動地區和平、文化共融與社會和睦作出了實質而深遠的貢獻。

這項榮譽不僅是個人成就的極致體現，亦為本會發展歷程添上濃墨重彩的一筆，生動詮釋了「為友誼而服務」的協會宗旨。

In civic associations and professional institutions, true leadership is reflected through dedication and an enduring commitment to public welfare. Recently, our Association Treasurer, Marco Lei, was officially invested with the *Chevalier of Grace of The Sovereign Hospitaller Order of Saint John of Jerusalem of Knights of Malta* in recognition of his years of service and internationally recognized contributions. The solemn investiture ceremony was presided over and personally conferred by Marquis Francis Tin, Grand Prior of the Orient of The Sovereign Hospitaller Order of Saint John of Jerusalem of the Knights of Malta.

Rooted in a long-standing tradition of chivalry and humanitarianism, the Knighthood honors individuals who demonstrate exceptional leadership, integrity, and active engagement in public welfare. Since joining the association, Chevalier Lei has demonstrated demonstrated a forward-looking vision in driving core organizational initiatives forward. Beyond his executive contributions, he has long leveraged association activities, international exchanges, and civic diplomacy to build bridges for dialogue, making substantive and far-reaching contributions toward regional peace, cultural integration, and societal harmony.

This prestigious recognition stands not only as a hallmark of personal accomplishment, but also as a significant milestone in our association’s history, beautifully embodying our core

PA Media

倫敦警視廳擴大實時面部識別數據打擊罪案新紀元

AI in the West End: The Met Police's High-Tech Facial Recognition Quest

若然你以為倫敦警察最擅長的依然是在霧中徐步巡邏兼且親切地問候一句早晨，那麼二零二六年第二季的倫敦警視廳大概會打破這種英式浪漫。隨著高等法院在二零二六年四月裁定警方使用實時面部識別（LFR）技術合憲合法，警視廳隨即在六月宣佈，將這套系統由流動警崗全面升級至倫敦西區及蘇豪區的街頭固定設施，讓黑帽警察的日常工作多了幾分科幻電影的荒謬感。

警隊之所以急於將這套演算法捧上神檯，背後動機純粹是因為倫敦鬧市的治安實在令人不敢恭維。倫敦西區作為購物與劇院熱點，扒竊、搶劫與性犯罪等猖獗程度簡直到了隨手一抓都是通緝犯的地步。以往單靠前線警員那雙被雨水打濕的肉眼在茫茫人海中辨認重犯，效率低得就像在泰晤士河裡撈針；警方在三月更試行百部手提式面部識別裝置，顯然急需一部不會偷懶喝下午茶的自動化神器。

這套系統的運作方式相當冷酷，高解像度鏡頭實時掃瞄過往行人的面部特徵，並與數據庫中的危險分子名單進行比對。只要系統響起警報，警員才會從熱茶旁站起來進行二次人工核實並執行拘捕。

而這項科技在全面落實後，交出了連懷疑論者都不得不點頭的成效。官方數據顯示，該技術已協助警方拘捕超過二千一百名涉及暴力及性侵犯的重犯，而且在數以百萬計的掃瞄中僅出現十二次誤報，極高的精確度讓習慣抱怨政策的倫敦人少了一個開口揶揄警方的藉口。

If you still fondly picture London police officers ambling through the morning fog, tipping their helmets with a cheerful "Good day, guv'nor," the Metropolitan Police in Q2 2026 would like to politely shatter that Victorian romanticism. Following a landmark High Court judgment in April 2026 confirming the lawful status of Live Facial Recognition (LFR), the Met formally announced in June 2026 that it is expanding LFR from mobile vans to static street furniture across the West End and Soho—giving the classic bobby on the beat a decidedly sci-fi makeover.

The primary motivation behind unleashing these algorithms onto the cobblestones was simple: West End crime had become far too lively for comfort. Between opportunist pickpockets, violent robbers, and elusive fugitives dodging through theater crowds, relying on a constable's rain-splattered eyes was roughly equivalent to fishing for a needle in the Thames. Following the rollout of 100 handheld devices in March, the Met desperately required an automated assistant that doesn't pause for a mid-afternoon cup of tea.

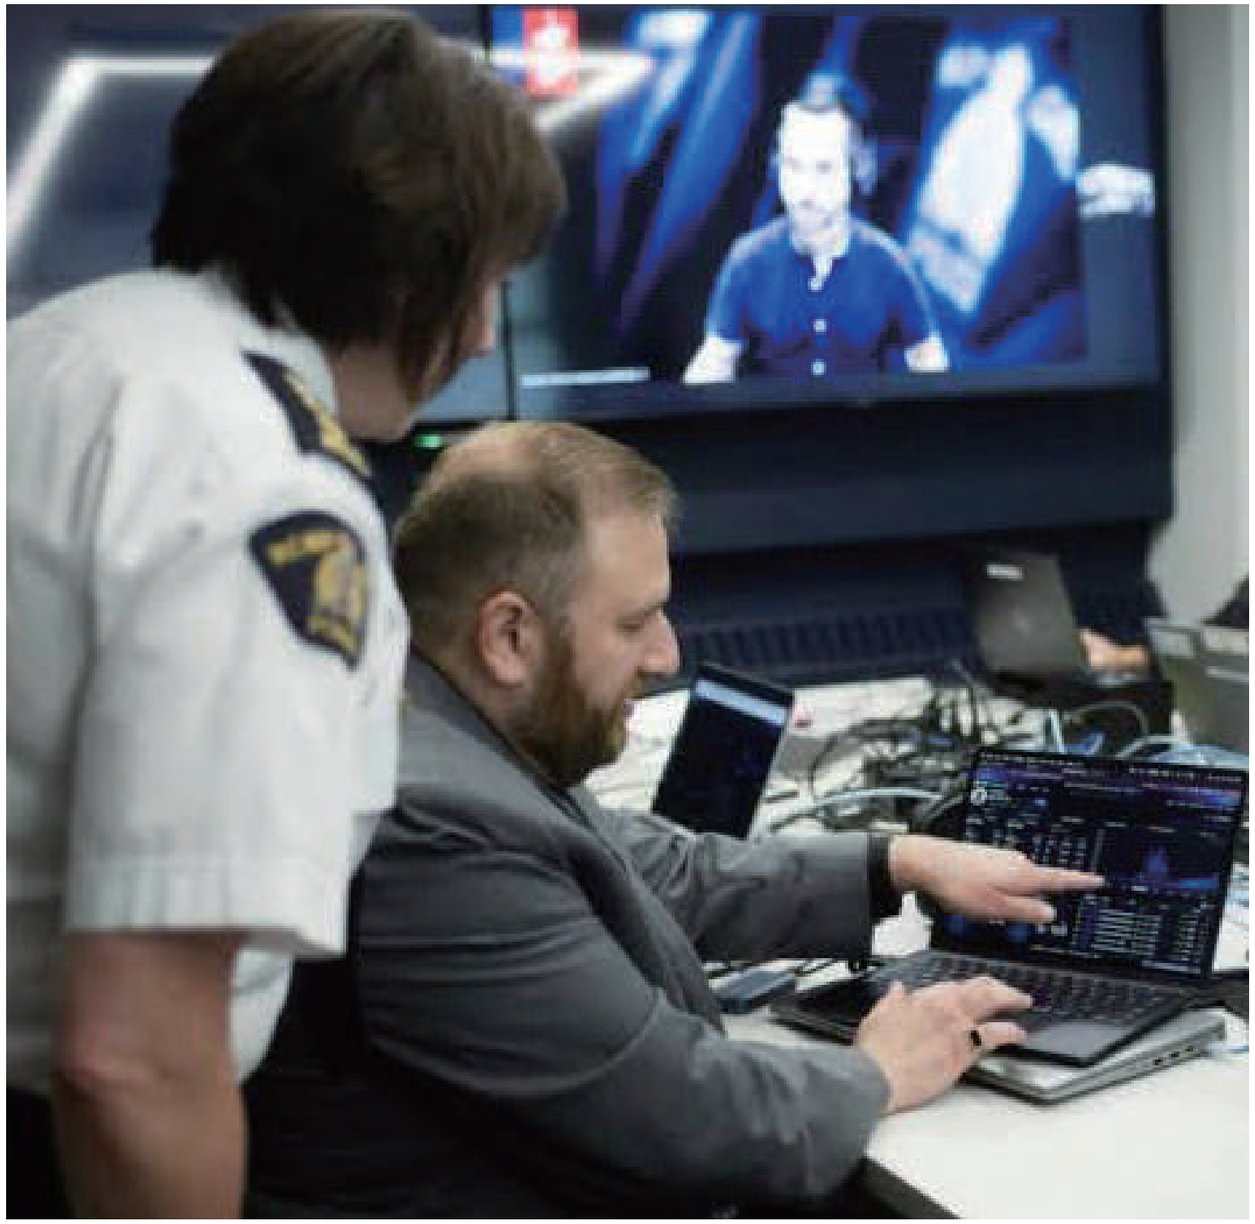

The technology operates with understated British efficiency. High-resolution cameras scan passing faces in real time, instantly cross-referencing biometric data against a curated watch list. Should the algorithm flag a match, officers step away from their Earl Grey to perform a swift human verification before making the arrest.

Since its full-scale deployment, the system's operational impact has managed to quiet even the most cynical London critics. Official metrics reveal the technology has assisted in over 2,100 arrests of high-risk offenders, maintaining staggering precision with a mere 12 false alerts out of millions scanned—leaving habitual complainers with remarkably little to grumble about.

加拿大皇家騎警部署 AI 加密貨幣追蹤平台

CMP Deploys AI Crypto-Tracing Platform to Intercept Money Laundering Networks and Freeze Illicit Assets

The Globe And Mail

加拿大皇家騎警（RCMP）於今年第二季正式啟用新一代「AI 鏈上智能追蹤與即時扣押平台」，標誌著北美執法機關打擊電信網絡詐騙及勒索軟體洗錢取得重大突破。

近年國際犯罪集團迅速利用去中心化加密貨幣及混幣技術轉移犯罪所得，在傳統警務模式下，當警方向交易所申請法院扣押令時，資金早已透過自動化鏈上洗錢網絡轉移至海外，錯失黃金追討期。警隊極需一套具備自動化跟蹤能力與即時法律觸發機制的 AI 系統，在非法資金被洗走前實施精準凍結。該追蹤系統與加拿大金融情報中心深度整合，配備高階鏈上分析演算法，當非法資金流向鏈上節點時，系統能實時分析交易拓撲圖與洗錢特徵，並自動生成具備法律效力的緊急扣押請求，即時向合作交易所及金融機構發出扣押指令。

二零二六年第二季度數據顯示，該平台已協助皇家騎警成功追蹤並凍結數以千萬計涉案加密資產，並將涉案錢包的追蹤識別成功率提升至八成以上，成功為跨境網絡詐騙受害者挽回重大經濟損失。

The Royal Canadian Mounted Police (RCMP) officially operationalized its next-generation AI On-Chain Intelligence and Instant Seizure Platform in the second quarter of 2026, marking a major breakthrough for North American law enforcement in combating cyber fraud and ransomware money laundering.

International crime syndicates have rapidly leveraged decentralized cryptocurrencies and mixers to launder criminal proceeds. Under traditional policing methods, by the time court freezing orders were granted and served on exchanges, illicit funds had long vanished through automated cross-chain laundering networks. The force urgently required an AI-driven platform capable of automated tracking and real-time legal triggers to freeze illicit assets before they egressed into offshore havens. Integrated deeply with Canadian financial intelligence networks, the AI tracking system features advanced blockchain analytics; as illicit funds hit blockchain nodes, the platform continuously analyzes transaction topologies and laundering signatures, automatically generating legally enforceable emergency restraint requests to partner exchanges and financial institutions.

Operational metrics for Q2 2026 demonstrate that the platform assisted the RCMP in tracing and freezing tens of millions in illicit digital assets, boosting suspect wallet identification rates above 80% and successfully recovering significant financial losses for victims of cyber fraud.

紐西蘭警務處推出 AI語音即時筆錄與多語翻譯系統

New Zealand Police Launch AI Voice Translation and Automated Report System to Overcome Language Barriers

紐西蘭警務處近月正式在前線推行「社區警務 AI 語音即時筆錄與多語翻譯系統」，因應多元族裔社區的執法需求，透過人工智能技術重塑前線問話及筆錄流程，成為大洋洲推動社區親民警務與數位化轉型的典範。

隨著移民人口增長，前線警員在處理涉及毛利族裔、太平洋島民及亞裔社區的突發求助時，常因語言障礙而延誤初步案情研判；同時，傳統手寫筆錄與事後輸入警務系統的程序極其耗時，佔用了前線警員大量的戶外巡邏時間，警隊需要一套能即時翻譯並符合法庭證供標準的數位化輔助工具。

新型系統直接整合至前線警員的隨身行動裝備，支援多國語言與本土方言的雙向實時語音翻譯，在突發事故或社區巡邏現場，系統能即時將問話對答轉化為結構化法庭筆錄，並自動歸檔至警務中央資料庫。

二零二六年四月至六月實施成效顯示，該系統將前線警員每次處理個案的行政文書處理時間縮短近四成，使警員戶外巡邏與社區互動時間提升了百分之二十八，現場溝通誤解引發的衝突個案亦顯著減少，大幅提升了少數族裔社區對警隊的信任度。

New Zealand Police officially rolled out the AI Voice Instant Transcription and Multi-Language Translation System for frontline officers in the second quarter of 2026. Designed to meet the policing demands of diverse multicultural communities, this initiative leverages AI technology to streamline site interviews and documentation—setting an Australasian benchmark for community-oriented digital policing.

Growing immigrant populations frequently presented language barriers for officers responding to emergency calls involving M ori, Pasifika, and Asian communities, delaying initial threat assessments. Furthermore, manual documentation and post-incident system logging consumed excessive officer time that would otherwise be spent on outdoor patrols, requiring an inline digital assistant capable of real-time translation while generating court-admissible documentation.

Integrated into officers' mobile gear, the system provides real-time, two-way speech translation across multiple languages and local dialects. During field incidents, it instantly converts field interviews into structured court reports and automatically logs them into the central database.

Operational data from Q2 2026 reveals that the system slashed post-incident paperwork processing time by nearly 40%, boosting officer time on outdoor community patrols by 28% while noticeably enhancing public trust across ethnic minority communities.

杜拜警方
投入第二代 Ghiath 智能巡邏車

Dubai Police Deploy Next-Gen Ghiath Smart Patrol to Advance AI Land-Air Autonomous Policing

Dubai Police @ Facebook Page

阿聯酋杜拜警方於二零二六年第二季正式投入第二代「Ghiath 智能巡邏車 2.0」，這款集成了頂尖 AI 演算法、熱感應監控及車載微型無人機的自動化巡邏平台，代表了當今全球最先進的流動指揮與智慧城控執法模式。

中東夏季極端酷暑天氣對前線警員的戶外高強度巡邏造成巨大生理負擔，且傳統巡邏車難以同時兼顧人流密集景點與廣闊沙漠邊緣的即時監控，警隊需要打造一款具備高階 AI 獨立預警、能自動發射空中無人機並與智慧城市大數據無縫對接的全天候戰術車輛。第二代 Ghiath 巡邏車配備 360 度 AI 高清相機，能在行進中實時進行人臉識別與車牌自動比對，車頂更設有自動升降無人機巢，隨時升空進行擴展視野偵察，車載系統能直接連結杜拜中央指揮控制中心實時共享陸空情報。

數據顯示，該批智能巡邏車成功於繁華商業區與主要幹道上，即時識別並攔截數百輛通緝車輛及涉案人士，並在極端天氣期間維持百分之百的低空與地面自主巡邏覆蓋率，為智慧城市警務防務提供了極具前瞻性的示範。

Dubai Police officially launched the second-generation Ghiath Smart Patrol 2.0 in the second quarter of 2026. Integrating cutting-edge AI algorithms, thermal surveillance, and automated onboard micro-drones, this next-generation patrol platform represents one of the world's most sophisticated mobile command and smart city enforcement systems.

Extreme Middle Eastern summer temperatures impose severe physical strain on officers conducting extended outdoor patrols, while standard vehicles struggle to provide simultaneous real-time coverage across high-density tourist landmarks and vast desert perimeters. The force required an all-weather tactical platform equipped with independent AI threat analysis, automated drone launching, and seamless integration with smart city grids. The Ghiath 2.0 features 360-degree AI optical systems capable of in-transit facial recognition and automatic license plate matching, paired with a roof-mounted automated drone deployment bay for extended aerial reconnaissance that bridges directly with Dubai’s central command center.

Operational results for Q2 2026 show that the smart patrol fleet instantly flagged and intercepted hundreds of wanted vehicles and suspects across major thoroughfares, while maintaining 100% autonomous land and aerial patrol coverage during severe heat conditions—setting a futuristic benchmark for AI-driven metropolitan defense.

新加坡警隊啟用自動化無人機巢 科技重塑低空治安

Singapore Police Deploy Automated Drone Nests Reshaping Low-Altitude Security

講起新加坡警隊，大家都會聯想到其高效先進的科技執法形象。在二零二六年第二季，新加坡警察部隊聯同內政科技局正式推出「空中守護者」無人機系統，將自動化低空巡邏推向全新里程碑。

警隊推動此項變革的背後動機，源於應對人力資源緊縮與監控死角的雙重挑戰。 傳統由警員駕駛警車運送無人機到場組裝，往往因交通情況而需時近一小時，難以即時支援突發事故；同時，工業區、沿岸邊界及偏遠小島等區域缺乏閉路電視覆蓋，形成治安盲點。

這套新系統最突破之處，在於全面採用設置於建築物頂層的自動化無人機巢。無人機具備超視距飛行能力，無須現場操控人員，即可根據預設指令自動開巢起飛，執行巡邏任務。機身配備高解像度熱成象鏡頭與人工智能分析功能，能在夜間辨識人群密度及異常舉動，將現場畫面實時傳回指揮中心。當突發事故發生時，無人機會第一時間飛抵現場進行空中偵察，為地面警員提供關鍵情報。

系統投入服務至今，已展現出顯著的執法成效。 實地數據顯示，無人機可以在接獲指令後數秒內即時起飛並抵達現場，相較傳統部署模式大幅縮短事故響應時間；而遠程集中控管更有效節省前線巡邏警力，並成功將警務監控視角延伸至過往難以覆蓋的邊陲地帶，為智慧城市的低空警務營造了極具參考價值的新範本。

ST PHOTO: MARK CHEONG

Mention the Singapore Police Force, and most people immediately picture a world-class, tech-forward law enforcement agency. In the second quarter of 2026, the Singapore Police Force, in collaboration with the Home Team Science and Technology Agency, officially launched its next-generation aerial defense capability—taking automated low-altitude patrols into a new era.

The primary driver behind this technological shift was the dual challenge of acute manpower constraints and persistent surveillance blind spots. Historically, deploying police drones required officers to physically transport equipment to site—a process heavily vulnerable to traffic delays, often taking up to an hour. Furthermore, expansive industrial zones, coastal perimeters, and offshore islands lacked dense CCTV camera coverage, creating operational security gaps.

The defining breakthrough of this system lies in its fully automated, box-housed drone nests mounted on rooftops. Operating with Beyond Visual Line of Sight capabilities, these autonomous drones require no on-site manual pilot; instead, they launch automatically based on pre-programmed mandates. Equipped with high-resolution thermal imaging cameras and AI analytics, the drones instantly analyze crowd density and detect abnormal behavioral patterns, streaming live feeds back to command headquarters. When critical incidents occur, they serve as immediate first responders, delivering tactical intelligence before ground units arrive.

Since its deployment, the system has demonstrated tangible operational results. Drones can now launch instantly upon dispatch, drastically cutting emergency response times compared to traditional ground deployment. Centralized operator management has optimized frontline officer allocation, while expanding aerial vigilance into previously inaccessible security dead zones—establishing an actionable blueprint for modern smart city policing.

January, 25~30

The phrase "Iza, Kamakura" is the Japanese equivalent of the English "Let's go!" The phrase originated during the Kamakura period (1185–1333) —a pivotal era in Japanese history marked by the establishment of the Kamakura Shogunate—when samurai would use it as they gathered or prepared for action. Today, it is sometimes used figuratively to express the act of embarking on an important endeavor or adventure.

IZA, KAMAKURA

Osaka Prefectural Police Headquarters

筆友計劃
PEN PAL PROJECT

除了通過旅行的形式去幫助會員廣交好友外，我們認為這種尋找筆友的方式將使會員能夠在互動下提高外語水平，甚至外地文化等。

It is important to help members create bonds of friendship through travelling, but also this search for correspondents will allow members to interact, improve foreign language and very often result in a meeting with their pen pal.

住宿接待計劃
HOSTING PROJECT

除了國際警察住宿服務（IPA House），我們眾多的會員亦有向其他海外會員提供住宿招待服務。有見及此，我們希望整合並且深化這項計劃，讓更多會員在出遊時能夠更容易配對到合適的當地住宿招待服務。

You can now offer to host members and their families from abroad whilst on their travels. Should you wish to offer to host members in your property, you can now do by completing the attached form and your property will be added central database of hosting accommodation.

國際警察住宿服務
IPA HOUSE AND ACCOMMODATIONS

國際警察協會（IPA）目前在16個分會的支持下，擁有超過40個物業，為會員在外遊時提供一個優惠的住宿服務。有興趣人士，歡迎掃描下面的二維碼參閱最新版本的IPA Hosting Book以瞭解更多關於住宿服務的資訊。

The IPA owns more than 40 properties in 16 IPA sections where members can stay in reasonably priced accommodation. Have a look in our IPA Hosting Book, which is regularly updated and provides an overview of each IPA House and Other Accommodation option:

警務學術獎學金
ARTHUR TROOP SCHOLARSHIP

警務學術獎學金（ATS）作為本會創辦人亞瑟（Arthur Troop）的遺產，該計劃旨在鼓勵和協助會員提升並持續進修其專業領域上的技能和知識。有興趣的會員，歡迎聯絡行政辦公室。

The Arthur Troop Scholarship (ATS), as a legacy to Arthur Troop, the founder of IPA, is a professional education and advanced training bursary, with the aim of aiding IPA members in their professional careers and promoting the International Police Association. For further information, please do not hesitate to contact your Section.
